Please be informed that we process your personal data confidentially, we do not disclose them to any third party without informing you or obtaining your prior consent, or without a legal authorization. To meet data security requirements our Company –with proper organizational and technical measures- ensures fair and transparent data management, takes care of the protection and security of your personal data, particularly against unauthorized access and handling, alteration, transfer, public disclosure, destruction and incidental destruction (loss) and injuries (damages).

12. YOUR RIGHTS AS A DATA SUBJECT

You may request information at any time about your personal data we control and may request to correct, refine, delete or limit any of your data and to exercise any of the rights allowed by law.

a) Right to request information

The data subject may request information (via the contact details above, in a written form) about

- what personal data,
- on what legal reason,
- for what purpose,
- from what source,
- for how long is controlled,
- to who, when, on what legal basis the organization granted access of forwarded what personal information of the data subject.

b) Right to rectification

The data subject may request in a written form to modify any of his or her data (for example the email address might be changed at any time). The organization will fulfill the request in less than a month and will inform the data subject about the change via email.

c) Right to erasure

The data subject may request in a written form to erase any and/or all of his or her data.

The request must be refused if the organization must store the data to comply with the law. If there is no legal obligation to store the data, the organization will fulfill the request in less than a month and will inform the data subject about the change via email.

d) Right to restriction of processing

The data subject may request in a written form to restrict the processing of his or her data (by unambiguously indicating the limited nature of processing and by providing separate handling for such data). The limitation ends when the reasons indicated by the data subject makes the storage necessary.

e) Right to object

The data subject may object at any time in a written form to stop processing his or her data in case the organization would use or forward the personal data for surveying or research purposes.

f) Complaints and remedies

In relation to data processing you can also ask for a legal remedy, making a complaint to the person responsible for data protection (under GDPR: Data Protection Officer) or to the

Supervising Authority, if in your judgement the processing of your personal data violates the legal regulations of data protection, and, finally, you can also go to court.

Supervising Authority:

Data Protection Officer:

**Hungarian National Authority for Data
Protection and Freedom of Information**
